The Recreation Department's mission for the Before & After School Recreational Program is to provide the families of Hermon with an affordable, professional and safe program for children when school is not in session. We provide fitness and enrichment opportunities for children under our supervision that focus on the ideals of group learning and togetherness.

We encourage you to discuss your child's needs and interests with our staff, and we will discuss any concerns regarding your child with you. By keeping our lines of communication open, we can ensure that the needs of each child are being met!
