Hermon School Department

**Relations with Military Agencies / Armed Services**

The Hermon School Committee recognizes the need for cooperation with representatives of the military services and school officials regarding students selecting the military as a career choice. It is the policy of the Hermon School Committee to allow the military services the same opportunity in meeting with secondary school students as other prospective student employers such as college recruiters and business/industry representatives. The procedures for the military to visit the secondary schools are as follows.

General Policy

1. Access to Students in the School Building During School Time:

Military recruiters may meet with students for the purposes of disseminating information and addressing the military as a career choice. This would normally occur during study halls, activity periods, or other suitable non-instructional time.

2. Administration of Armed Services Vocational Aptitude Battery Test:

Military recruiters may administer the ASVAB Test through a prearranged schedule developed by the military and guidance/principal's office.

3. Release of Lists of Students' Names and Addresses:

The releasing of student names, addresses and telephone numbers shall be provided by the Family Educational Rights and Privacy Act. This information is not to be released en masse to colleges, universities, business/ industry or other individuals or agencies. If a parent or guardian does not want directory information from his/her child's education records provided to military recruiters, the Hermon School Department must be notified in writing by September 15th of each school year during which the student is enrolled at Hermon High School.
